WORK EXPERIENCE

Geek Squad Manager
Best Buy

09/2020 - 07/2023   *Dublin, OH*

Achievements

- Equipped my employees with the knowledge and skills needed to achieve goals and targeted metrics.
- Provided client education and support regarding company policies when problems arose such as delivery issues or inadequate service.
- Managed a store that saw $85 Million in revenue, assisting in most areas of the business. This included P&L, following business metrics using programs like Microsoft PowerBI, and ensuring SOP was followed.

Contact : Jason Bucher - 614-406-8587

Project Deployment Manager
Best Buy

10/2011 - 09/2020   *Minneapolis, MN*

Achievements

- Traveled the United States managing multi-million dollar remodels. Organizing electricians, contractors, flooring, paint, etc. to hit target dates and goals. Also developed a team of direct reports.
- Organized IT server installs, comm-room refacing, and other data related projects like computer workstation builds and implementations. The team was added to numerous "pilot" projects, often times building the alpha sop guide for other teams to use after the project was finalized.
- Utilized a variety project related software tools, including AutoDesk, Projectmates, SharePoint and many more.

Contact : Jay Nichols - 380-222-1961

EDUCATION

Coding Bootcamp Certificate
The Ohio State University

10/2022 - 05/2023

Courses

- Full-stack Web development

SKILLS

`JavaScript` `jQuery` `SQL` `Project Management` `React` `Network Setup` `HTML` `Leadership` `NOSQL` `API` `OOP` `Node.js` `Express.js`

PERSONAL PROJECTS

Pokedex-Mini (11/2022 - Present)
- A front-end collaborative project created for the Pokémon series. Contains a landing page with the main search function and the user's search history. The results page then contains various stats and info on each Pokémon. This product was built using HTML, CSS, and JavaScript, as well as the PokeApi and PoGoApi.

SteamUp (04/2023 - 05/2023)
- A full-stack social media site that allows users to share their thoughts on specific games via an integrated voting system and direct commenting. Built using the MERN stack, containing MongoDB, Express, React, and Node.

ACHIEVEMENTS

OSU Full-Stack Flex Coding Boot Camp Certificate (10/2022 - 05/2023)
Final Grade A (96%)

Top Project Manager & Team 2019 (01/2019 - 01/2020)
All remodels came in under budget with no revisits. Additional callouts from 3rd party trades (electrical, general contracting, etc.)
